

Engine 557 Restoration Company

Ride the Route of the 557 - AuRoRa Private Car Fundraiser

Departing on the Summer Solstice, June 21st, Join the 557 crew for a full day of fun aboard the Aurora private car on the Alaska Railroad. The Aurora Car is a single level, full dome with a rear platform which will be on the rear of the Coastal Classic train. Departing from Anchorage, we will go up and over the spectacular Grandview Pass, passing several glaciers before laying over for the afternoon in Seward. Fishing, shopping, hiking and a multitude of other opportunities await you while in Seward. The train will depart Seward in the evening and return to Anchorage. This excursion is a collaboration between the Alaska Railroad and the 557 Restoration Company and gives you the most direct and meaningful way to fund a steam locomotive restoration project, while taking a rare all-private dome ride to Seward, and getting a behind the scenes look at what railroading looks like in the last frontier. Only 25 spots will be available for this exclusive charter.
